Sexual violence (including sexual assault, relationship violence, and stalking) and sexual harassment violate the law and UC Policy.
WHAT IS CONSENT?

Consent is affirmative. Consent is an informed and conscious decision by each person, to engage in mutually agreed-upon sexual activity.

Consent is voluntary. Consent means a willing and positive cooperation in an act, or exercising a desire to engage in an act. A person can only give their true consent if there is no force, threats, or intimidation. Silence does not mean consent.

Consent is revocable. Consent to sexual activity on one occasion, does not mean consent has been given to any form of sexual activity on any occasion. A past dating experience or sexual relationship, by itself, is not enough to assume consent. Even in the context of a relationship, there always has to be mutual consent to engage in any sexual activity at any time. Consent is ongoing; meaning at any point during a sexual encounter consent has to be given, and can be withdrawn. Once consent is withdrawn, the sexual activity must stop immediately.

Consent cannot be given when a person is incapacitated.

Incapacitation is the physical, and/or mental inability to make informed, rational judgments. States of incapacitation may include, but are not limited to, unconsciousness, sleep, and blackouts. Incapacitation may be caused by alcohol, drugs, or other medications.

A person cannot consent if they are unable to understand the act because of a physical or mental impairment.

WHAT IS SEXUAL VIOLENCE?

Sexual violence is conduct of a sexual nature engaged in without the consent of the other person, or when the other person is unable to consent. Sexual violence includes any of the following: sexual assault, domestic violence, dating violence, and stalking.

Sexual assault occurs when physical, sexual activity is engaged without the consent of the other person, or when the other person is unable to consent to the activity. The activity or conduct may include the following: physical force, violence, threat, intimidation, ignoring the objections of the other person, causing the other person’s intoxication or incapacitation (through the use of drugs or alcohol), or taking advantage of the other person’s incapacitation (including voluntary intoxication).

WHAT IS RELATIONSHIP VIOLENCE?

Relationship violence includes dating and domestic violence.

Dating violence includes abuse committed by a person who is, or has been, in a romantic or intimate relationship with the victim.

Domestic violence includes abuse committed against a current or former spouse, intimate partner, or cohabitant, or someone with whom the abuser has a child.

WHAT IS STALKING?

Stalking is repeated conduct directed at a specific person of a sexual or romantic nature or motivation, that would cause a reasonable person to fear for their safety, or the safety of others, or to suffer substantial emotional distress.

WHAT IS SEXUAL HARASSMENT?

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, or other unwelcome verbal, nonverbal, or physical conduct of a sexual nature that interferes with a person’s employment or education, and creates an environment which a reasonable person would find to be intimidating, hostile or offensive.

Sexual harassment can occur in all types of relationships: hierarchical, between peers, or between individuals of the same sex or opposite sex. The University will respond to reports of any such conduct between any such members of the University community.
